care solutions

*Always luxurious, always Luksus*

**FOR IMMEDIATE RELEASE**

## LOOKING FOR ENHANCED LASH LENGTH? LOOK TO LUKSUS ULTRA EYELASH CONDITIONER!

*The original lash-enhancing peptide recently won award for innovative raw materials-natural/actives at 2011 In-Cosmetics.*

BREAKING COSMETIC NEWS: THE WORLD— Luksus Cosmetic's Ultra Eyelash Conditioner has been awarded 2<sup>nd</sup> place for its patented peptide technology at the 2011 BSB Innovation Prize for Cosmetics and Raw Materials show held at In-Cosmetics. According to studies, the lash conditioner using the peptide technology created by Dr. Lili Fan, founder of Luksus Cosmetics, enhances natural lash length appearance and fullness by up to 96 percent. Fully 98 percent of users experienced improved lash health and appearance. The cumulative benefits are incredible.

Fan: "My Ultra Eyelash Conditioner creates the appearance of longer, thicker, and healthier lashes. We're honored to have received this award from In-Cosmetics."

In-Cosmetics is the leading business platform for personal care ingredients. Its most recent exhibit took place in Milan, Spain where 560 companies exhibited.

Luksus Cosmetics skin care includes: Cleanser, Probiotic Defense Toner, SCS™ BioGel, Phospholipid GF™ Moisturizer and an Anti-Aging Foundation Primer. Eye treatments include: Gene (DNA) Repair Serum and Collagen Regenerating Cream. Lash products include: Ultra Eyelash Conditioner.

Luksus is biomedical skin and eye care solutions based on patented lipopeptide technologies, stem cell stimulation therapy and a RetinoPeptide/LYSODAG/Probiotic complex to reduce and remove signs of age. The line includes products for skin, for eyes and for lash length. It gets under your skin. For more, visit [www.luksuscosmetics.com](http://www.luksuscosmetics.com).
