

## What is Luksus?

Luksus Skin is a biomedical approach, conceived of and created by Dr. Lili Fan, to formulations delivering microscopic lipopeptide chains that are easily absorbed for cumulative and long-lasting benefits. These patented peptides work synergistically to trigger a positive response in skin's gene expression, stimulating growth factors and their boosters to help increase collagen and elastin production for greater resiliency and enhanced firmness.

Luksus has harnessed patent-pending SCS™ (stem cell stimulating) technology, creating a unique RetinoPeptide/LYSODAG/Probiotic complex that increases protein genesis and decreases protease reaction. This extraordinary anti-aging skin care works with your body's natural structure to help skin properly digest each product's ingredient base, diminishing age factors, youthifying skin stem cells and nourishing your face with what's needed, where it's needed.

Continued use shows that lines and wrinkles begin to diminish, the feel of elasticity returns, and discolorations and imperfections fade.

### **With Luksus you get:**

#### **Amazingly renewed skin**

Anti-aging care that works with the body's natural structure to help skin "digest" each product's ingredients for remarkable results.

#### **Incredibly rejuvenated eyes**

Youthifying skin stem cells nourish delicate eye area to help diminish the appearance of lines and crow's feet for stunning results.

#### **Simply beautiful lashes**

Patented peptide technology influences lash length, density and color to dramatically enhance, nourish and condition for fabulous results.

always Luksus.

# Age defying skincare

Amazingly renewed skin - Anti-aging skin care that works with the body's natural structure to help skin "digest" each product's ingredients for re-markable results.

## Cleanser

Sugar-based emulsifying liquid utilizing innovative "green" sugar to effectively lather away makeup, dirt and oils.

**Gentle and sulfate-free**

**Keeps skin smooth**

**Washes clean with zero residue**

**Non-drying, non-irritating**

## Probiotic Defense Toner

Anti-microbial firmer to boost skin's natural defenses against bacteria while also helping to sanitize surface.

**Moisturizing formula destroys yeasts and molds**

**Helps treat existing acne**

**Prevents future acne breakouts**

**Removes lasting dirt and pollutants**

## Ultra Sheer Sunscreen

DAILY FACE PROTECTANT SPF 30

A unique sunscreen formulated for broad-spectrum protection against UVA and UVB rays, a powerful antioxidant component and a superb hydrating complex.

**For all skin types**

**Feels clean and weightless**

**Leaves skin soft and smooth**

**Contains antioxidant technology**

**Broad spectrum protection for UVA/UVB rays**

## Ultra Performance Hydrating Cream

An extraordinarily powerful, high performance cream infuses dry, more mature skin to help: prevent free radical damage, improve texture and tone, reduce fine lines and wrinkles. New generation lipopeptides help maintain collagen.

**Rich, non-oily day cream for every skin type which provides constant level of hydration**

**Antioxidants protect skin from further environmental damage**

**Ceramide-rich to firm more mature skin**

**Powerful hydration injectors infuse moisture**

**A luxurious cream delivering high levels of hydration over a long period**

## SCS™ BioGel

Stem cell stimulating bioemulsion with patent-pending SCS-Peptides™ for optimum SmartRetinoid™ delivery with our MicroBiozome™ Bioactive delivery system that youthifies skin.

**Naturally energizing formula works as a maximum-potency antioxidant**

**Stimulates skin's free radical response**

**SmartRetinoid™ helps increase collagen up-regulation for increased production**

**Increases matrix proteins to help strengthen inner and outer skin**

**Works better than injections (like Botox®) and some laser treatments**

**Enhances a youthful surface for truly beautiful skin**

Follow with Phospholipid GF™ Moisturizer, especially at night, to encourage a layered, anti-aging effect.

## Phospholipid GF™ Moisturizer

Matrix-regenerating SCS™-peptide complex with patent-pending phospholipid growth factors and boosters examines DNA damage during sleep hours.

**Complex nutrients combine with skin's natural immune properties to enhance skin's surface**

**Helps repair DNA damage**

**Infiltrates surface layer to maximize a healthier, stronger stratum corneum**

**Infuses vitamin D3 to increase the appearance of youth, thickness and flexibility**

**Optimizes antioxidant enzyme production with patent-pending bioactive tripeptides to keep skin smooth and unlined**

**Reveals younger-looking skin with diminished lines and wrinkles and fading imperfections**

*According to a consumer study conducted by LukSus Skin, users of both SCS™ BioGel and Phospholipid GF™ Moisturizer experienced a 300% improvement in the appearance of their skin when both products were used twice daily, morning and evening.*

*Use by: Pumping small amount onto fingertips. Apply to face, neck, décolleté following SCS™ BioGel. Best at night.*

## Anti-aging Foundation Primer

Up-regulating moisture barrier with a chemical-free sunscreen keeps makeup from touching skin for a positively luminous surface.

**Puts an invisible layer of moisture between new skin regeneration and makeup**

**Allows oxygen and water-vapor penetration**

**Prevents makeup from contacting face**

**Includes UVA and UVB protection against photo-damage**

**For use prior to any foundation or makeup application**

*Use by: Smoothing over moisturized skin, prior to foundation or makeup application.*

# Stunning eye results

Youthifying skin stem cells nourish delicate eye area to help diminish the appearance of lines and crow's feet for stunning results.

# Simply beautiful lashes

Patented peptide technology influences lash length, density and color to dramatically enhance, nourish and condition for fabulous results.

## Gene (DNA) Repair Serum

SCS™ technology stimulates restoration while patent-pending peptides help ease the appearance of crow's feet.

**Helps increase epidermal thickness**

**Reduces the appearance of dark circles and puffiness**

**Addresses root gene expression**

**Decreases the appearance of fine lines around the eyes**

**Increases elasticity to help skin regenerate**

**Eliminates puffiness and bags**

Use daily with Collagen Regenerating Cream to reveal brighter, more youthful skin around the eyes. Use alone at night for increased assistance.

Part of a two-step treatment, this serum is step 1 in the most revolutionary anti-aging eye treatment on the market, utilizing breakthrough SCS™ (stem cell stimulating) and SCS™-peptide technologies to treat and in some cases reverse the look of age.

Use by: Pumping small amount onto fingertips. Pat around eyes, avoiding lashes.

## Collagen Regenerating Cream

Maximizes collagen up-regulation with SCS™-peptide complex and nanosomal delivery to help firm and tighten.

**Microscopic SCS™-peptide complex encourages collagen and elastin proliferation**

**Plumps skin from within to tighten and fill fine lines and wrinkles**

**Delivers superior hydration deep inside skin layers**

**Helps reduce photo-damage**

**Reduces the appearance of age and increases the look of youthful skin**

Part of a two-step treatment, this cream is step 2 in the most revolutionary anti-aging eye treatment on the market, utilizing breakthrough SCS™ (stem cell stimulating) and SCS™-peptide technologies to treat and in some cases reverse the look of age.

Use by: Pumping small amount onto fingertips. Pat around eyes, avoiding lashes.

## Ultra Eyelash Conditioner

With patented peptides to create dramatically longer, thicker, healthier, sexier lashes.

**Includes patented peptide technology**

**Enhances natural lash length with up to 96% seeing this**

**98% experienced improved lash health and appearance\***

\*According to a consumer study by Lüksus

# Professional Treatment Products

Luksus Professional incorporates the most advanced skin technology innovations to deliver professional-quality care that works to change the way aestheticians can change clients' skin.

## C3-Microdermabrasion

A manual abrasive Bicarbonate/Vitamin C Crystal system that gently buffs away old skin, and dissolves to leave skin smooth and radiant without gritty residue. When applied to the skin, the mixture foams while gently resurfacing and rejuvenating sun-damaged, hyperpigmented and aging skin.

**Super antioxidant complex (3 different forms of Vitamin C / Beta Carotene)**

**Contains enzymes and peptides for anti-aging**

**Gently exfoliates with abrasive vitamin C crystals**

**Gently exfoliates and stimulates with AHAs**

**Instantly leaves skin smooth and radiant**

## Microderma Activator

### GLYCOLIG/LACTIG/CITRIC

This natural activator works with C3-Microdermabrasion to exfoliate dead, dull surface layers, and stimulate the process of cell renewal among all skin layers to reveal healthier cells.

**Normalizes epidermal renewal to resurface the skin**

**Stimulates enzymes that promote efficient desquamation without skin irritation**

**Promotes cell differentiation encouraging new cell migration to the skin's surface**

**Smooths skin and improves radiance and tone**

### GLYCOLIG/SALICYLIC

**Ideal for acne, hyperpigmentation and premature aging, unclogs and reduces appearance of pores**

**Effectively treats stubborn skin conditions, such as acne and environmental/sun damage**

**Evens skin tone, minimizing areas of discoloration for all skin types**

### GLYCOLIC

**High strength daily exfoliator**

**Derived from natural sugar cane**

**Helps prevent young skin from showing damage with no skin irritation**

**Ideal for aging skin and acne, as well as skin with hyperpigmentation**

## Probiotic/Lactic Peel

*Anti-microbial to boost skin's natural defenses against bacteria while also helping to sanitize surface.*

Probiotics combine with alpha-hydroxy acid (AHA) lactic acid and Beta Glucan. It accelerates the removal of the top layer of skin and produces a younger, more vibrant skin tone.

**Moisturizing formula destroys yeasts and molds**

**Helps treat existing acne, sun damage and eczema**

**Prevents future acne breakouts**

**Active strength AHA with Beta Glucan**

**Exfoliates stratum corneum**

**Stimulates basal cell renewal**

**Leaves skin glowing and smooth**

**Improves collagen, and enhances conditions for youthful, firm, and revitalized skin**

## Hydrating Marine Gel Mask

A gel type mask, designed for maximum hydration and plumping. A series of marine extracts including mucopolysaccharides provide the ultimate in humecant hydration therapy.

**Kelp and seaweed extracts**

**Phytomarine mucosachrides**

**Additional agents: Aloe concentrate, Vitamin E Acetate, Sodium Ascorbyl (Vitamin C) Phosphate**

**Increases epidermal and dermal hydration**

**Plumps and firms the skin**

**Soothes and calms skin redness**

## Peptides SmartRetinoid™ Peel

*With advanced potency patent-pending SCS-Peptides™ for optimum SmartRetinoid™ delivery with our MicroBiozome™ Bioactive delivery system that youthifies skin.*

**Superior formula increases antioxidant potency to hyper-stimulate skin's free radical response**

**High dosage of SmartRetinoid™ helps increase the production of collagen**

**Increases matrix proteins to help strengthen inner and outer skin**

**Eliminates the need for certain cosmetic procedures by creating an instantly renewed and rejuvenated surface**

**Use once a month, along with SCS™ BioGel, to boost overall efficacy**
